Subject: Microsoft Lawsuit

January 28, 2002

Renata Hesse
Trial Attorney
Antitrust Division
Department of Justice
601 D Street NW, Suite 1200
Washington, DC 20530

Since the filing of the Microsoft lawsuit by the Clinton Administration Department of Justice, I have tracked the case. I believe it was wrong to file the lawsuit and I am relieved that it is finally over. We do have the unfortunate situation with some renegade Attorney General's around the country, however. Please take the settlement and close the case. We need to move forward with our technology investments and with new ideas and technology. We need this case behind us.

Sincerely,

F. Kenneth Olafson
Utah Coalition for Accountable Government
